## Introducing Football's Silver-toned Orator

This dapper gentleman has given so many after-dinner speeches, they're thinking of running his picture on bicarbonate of soda boxes. His illustrated lectures are a wee bit less erudite than those of, say, the local Fish Watcher's Society—but they're a whale of a lot more interesting.

He does, however, find a few moments to do well what he was hired to do: coach football and direct athletics for the University of Utah. In fact, downtown fans think that his one year in Utah has proved to be nothing short of sensational.

Leave it here be said that this grid devotee, name of Jack C. Curtice, has made Redskin football players love to play football—the first step toward playing winning football. For proof, ask any of the thousands who saw the Red-White intra-

squad game, an innovation of Jack's hereabouts which injected more life into local football than anything since the production of drum majorette skirts went *en masse*.

A high school All-American himself, "Pappy" played college ball of the same calibre for Transylvania U and set the national TD pass record. In one season, Jack set up 23 strikes—a mark which stood for several years and has been bettered only by John L. Lewis. Mr. C. likes his boys to throw, too, as evidenced by the fact that his No. 1 quarterback last year, Dave Cunningham, was second in the nation in pass completions. Except for the fact that during the first half of the Hawaii game some unsympathetic island official substituted a mud pumpkin for the ball, Jack's boy would have done even better.

A commander in the Naval Reserve, Jack has a wealth of collegeiate and service coaching experience and has produced or coached some of the greatest names in football and basketball. He's a devoted family man, boasts a coaching record of 121 games won, 36 lost and 6 tied and, oh yes, is available for public speaking appointments (with salad, please) anytime after coaching hours. Whoopee in the Wickiup!

## *Great White Spirit Now Needs Alternating White Stripes . . .*

There's no more spirit in a whole neighborhood of haunted houses!

That's the way Smilin' Jack Curtice describes his band of Ute warriors. Admitting that the Redskins are going to be better than they were in 1950, Jack quickly adds that his young Braves are not going to win any championships. His reason? At least two Skyline teams are too experienced and too deep for him, but Mr. Curtice promises these unnamed foes that their experience and depth will need all the tape and gauze available on the days when they meet Utah's rejuvenated Redskins.

With a spring intrasquad game behind them, the Red and White youngsters, largely sophomore and junior men, are primed for a red hot season. They'd better be. They have 11 tough games.

Upcoming first will be Montana State's alert crew from Bozeman. They haven't been to Mormontown for many years but are anxious to make the day memorable.

Arizona's Wildcats are always tough to beat—and more so than ever in the sunny climes of Tucson. They have a tradition of fighting hardest when the going's roughest. That "C" in the middle of Jack's handle stands for Caution when approaching Arizona.

The last time the Utes tangled with Oregon State, they should have stood in bed. Most of them ended up there anyway, cuddling plaster casts. These Pacific (a poorly chosen word, if we ever heard one) Coast powerhousers are again on the Redskin docket, so Jack and his fearless few will be in for plenty trouble.

Brigham Young's Cougars worked the Utes for a tie last year, a feat which benumbed all Salt Lake City—as well as the Provo faithful. The playoff this season should be a ripper. Denver did likewise, ditto. Colorado, ditto, ditto—as 1950 saw Utah tied more times than any previous Red & White team. Unchronologically, here are more red-letter events:

Kansas lost zero yards from scrimmage against the Utes last year; they gained a few, however, unfortunately. Jack desires to reverse the situation in mid-October, hoping to go whole Hoag or none.

Then there are Wyoming and Colorado A & M, a pair of east-side westerners who have suddenly decided that it's better to receive accolades than to have them all given to Utah. See paragraph No. 3 background.

At least, Utah beat Utah State last year—but that was before John Roning planted some new seeds in the Experiment Heaven of Cache County. Don't come to see the Ute-Farmer clash on Thanksgiving, though. On that day, Utah will meet Idaho, whom Jack remembers as the first foe he ever faced with a Utah team. After a you-scare-me-I'll-scare-you day, the Vandals won. Mr. Curtice will eat better this season if the tables are not only filled with turkey but also are slightly reversed.

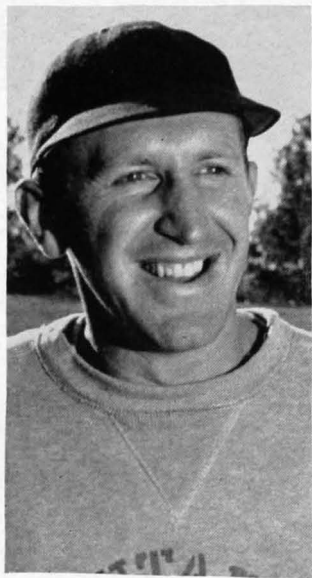

Somewhere along the line that ethereal thing called spirit is going to take a terrific physical beating. But that's football—and the youthful Utes will be out to make the best of it!

# Ute Staffers

**KARL SCHLECKMAN:** Unofficially adopted by Trainer Einar Nielsen as the Doc's son and heir apparent, Utah's line coach is still one of the most apparent men you'll ever meet. "Punjab" is recognized as one of the great linemen in conference history. He captained the 1937 teams in football and wrestling. He's a former Navy line officer and is now mentoring varsity wrestling, also.

**FRANK BRICKEY:** Here's one of those quiet, conscientious gentlemen who is too busy doing things as backfield coach ever to make much noise. Possessor of a tremendous record of football and basketball coaching in Arizona, "The Brick" knows how to get the best out of his men. He has a numberless family of red-haired children who are, naturally enough, the finest athletes in their neighborhood. Frank also coaches the freshman basketball team.

**HENRY PIRO:** Out of his long acquaintance with the "horsey set" of Long Island, Mr. Piro has become so well educated in the equine line that few men can do a better job of manufacturing the glue used by sticky-fingered ends. A great flanker himself at Syracuse, he coached there and at The Citadel. He has served time with the Philly Eagles in pro ball and with the 3rd Air Force.

**PETE CARLSTON:** There was talk for a while about putting Pete's statue in East High's Hall of Fame, but lately the busy Redskin mentor hasn't been able to sit still long enough to pose. A talent scout *extraordinaire*, Pete also has a fine coaching background at Park City, Grand Junction, Colo., and Westminster College. Also a Navy brass vet, he coaches swimming and baseball, having sent his diamond dusters to the NCAA just last spring where he landed a tie for third and displayed one All-American Redskin.

**EINAR NIELSEN:** The uncrowned dean of Rocky Mountain athletics, this genial Norwegian is equally good at mending a bone or picking one clean at a good eatery. It's really not true that he helped lay out the University 101 years ago—he was out of town buying tape at the time. Has a "birthday" on every road trip with the team. You could have a platoon system of trainers and "Doc" would still out-work, out-eat and out-entertain them all.

**BILLY JEFFERSON:** Officially he's the assistant freshman mentor, but unofficially he's the general workhorse of the staff. A southerner, he starred for Mississippi State and the Detroit Lions. Is hard at work on his master's degree in physical education and is picking up pointers on the game from "Pappy" Curtice.

**LYNN BYWATER:** Head keeper of keys and armor polisher for the Utes is this conscientious gentleman. Soft-spoken but more than willing, he gets to know each season everything from how a kid ties his shoes to how he parts his hair. Facts and figures are at his fingertips, and through the years he has parceled out countless tons of grid gear.

## TODAY'S ARITHMETIC PROBLEM . . .

### SIX GOES INTO EIGHT . . .

Hats off to the two new members of the Skyline Eight conference. Although they knocked the euphonious alliteration of the "Skyline Six" name a little awry, Montana State University in Missoula and New Mexico University in Albuquerque will bring with them a new harmony that should do wonders to perk things up in the mountains.

They're both old buddies of us Skyliners. For many years they have been booked on the football and basketball schedules of several hilltop schools. Now that the arrangement is permanent come 1951, no one will be happier than the University of Utah.

To Montana's Grizzlies and New Mexico's Lobo's go our congratulations and best wishes.

Majors in chem engineering and sells farm implements during the summer.

**ROB MORRIS**—Son of "Spide" Morris who captained Utes to fame in yesteryear. . . . Is a pass catching, hard hitting flanker from East high. . . . Uncle Sam is giving him the eye, but the Utes might be able to keep him. . . . He's worth the effort if the Red-White game is any indication of the kind of ball he can play.

**SANDY MORRIS**—Also "Spide's" boy a couple of years older. . . . Married to the former Lucille Douglas of North Ogden. . . . Played for East high a few seasons back, reported out for ball rather casually last year and promptly developed into one of the finest receivers in the mountain loop. . . . His campus job is with the Public Relations department.

## HALFBACKS

Hails from Prestonsburg, Ky., where he was a bawl baby—foot, base and basket. . . . May become the only man in recent Ute history to shine on the gridiron and the hoop court which he did to a fare-thee-well as a freshman last season. . . . Majoring in P.E., he's a natural competitor. . . . Is in the ROTC and that Frank is followed by a Delano, if you want to know how his folks vote. . . . Keep your eye on "Set"—if you can.

**LOWELL EARL**—"Wyoming" up and got hisself hitched to Josie Doerr of his hometown, Lovell, not long ago. . . . He's still a team workhorse off whom tacklers bounce with regularity. . . . He's majoring in electrical engineering to get a spark from somewhere which will double his speed—and then, look out! . . . He's in the 96th Division. . . . Had his best season two years ago, but is out for blood this time.

**GEAN PLAGA**—A curly-haired speedster from Helper's coal mines. . . . Lettered at Carbon high in football, basketball and baseball. . . . Is a P.E. major, but has a little less rank than that in the campus ROTC program. . . . Worked in the pressbox as a freshman and is now out to get lots of mention in those sacred confines. . . . Can block, run and receive passes well. . . . Good defensive man, too, when called upon.

**PHIL RAMSEY**—This lad has followed Jack Curtice all over the southwest just to play ball for him. . . . An explosive-type back, he was the fuse and most of the powder in the White attack. . . . Lettered in football and track at Tucson high. . . . He's a phys ed major and worked in an aircraft plant during the summer. . . . Is in the ROTC. . . . Brother played for Jack at Texas Western and Phil wanted to do the same; he will.

**DON SUKOWICZ**—A handsome gentleman from Chicago's Fenger high. . . . Has been around long enough to play ball most astutely, which same he did in the Red-White game. . . . Was the back-field workhorse of the Washington game as a sophomore. . . . Majoring in business management. . . . Is a construction worker in the summer. . . . Member of the 96th Division.

**JACK CROSS**—Highly touted runner from Twin Falls. . . . One of the most sought after high school players of the last five years. . . . Lettered in football and track in high school. . . . Has a pair of powerful legs which are going to stand him in good stead. . . . A Navy ROTC Cer. . . . Majoring in a pre-law course. . . . Farms in the summer. . . . A nice-looking kid. . . . Starred at Bear River high in football, baseball, basketball and track. . . . Is engaged to a comely Tremonton lass. . . . Wrestles for the Crimson and White. . . . Farms in the summer. . . .
